

Ms Alma Othman
Regional Managing Director

Having been with GMP for almost 15 years, Ms Othman is indeed a veteran in the recruitment industry. Ms Othman was recruited and trained by the late Dr Giam Cheng Lan when she joined GMP's single office way back in 1992.

A top performer from the start, Ms Othman learned the basics of recruitment fast and moved on to become a branch manager and in just 2 years, she was promoted to lead the first overseas branch in KL, Malaysia.

Starting off with just 2 other staff, Ms Othman achieved an outstanding turnover of 1 million dollars in her first year. By 1996 she had set up another branch in Petaling Jaya and more than doubling the turnover. Sustaining through the recession of 1997, Ms Othman pushed to new horizons in 1999 when she set up the Executive Search arm, establishing GMP as one of the leading recruiters in Malaysia.

Today, GMP Malaysia is 30 staff strong and has achieved a record of 15 million in sales turnover becoming one of the most profitable arms of The GMP Group. At the beginning of 2006, Ms Othman led her team to launch GMP's Thailand branch. With her resourcefulness and sharp business acumen, GMP Thailand will no doubt be another great success.
